## Monster

Monster Worldwide, Inc. is very proud of the partnership we have developed with the American Road & Transportation Builders Association (ARTBA). As an ARTBA member, your organization can acquire some of the most popular recruitment solutions at a tremendous discount below our published rates.

Monster is the worldwide leader in successfully connecting people to job opportunities. From the web, to mobile, to social, we help companies find people with customized solutions and we use the world's most advanced technology to match the right people with the right job. There's more.

Monster has developed relationships with some of the most recognized companies in the world and brought them together under a unique partnership program. As a result, your organization can now take advantage of special pricing benefits as a participating member of our Business Resource Partner Network which makes you eligible to receive special offers and discounts on the most popular and effective recruitment advertising and resume database search solutions available to ARTBA member organizations.

### Save 25%—or More—on Job Ads and Resume Search Solutions.

These special discounts on select recruitment solutions are exclusive to organizations like yours that are affiliated with our Business Resource Partner Network. The discounts are being offered through any purchase made through an e-commerce transaction, where you review the special offers, see the exact savings and select individual or bundled product offerings based on your specific recruitment needs.

The Perfect Hire: Monster has the tools to connect the world's jobs to the right people everywhere.

Whether you want to place a Job Ad on Monster's job seeker website that receives on average more than 190 million job searches each month, or perform a search of our database that receives nearly 700,000 new resumes each month, or advertise your open positions in as many as 1,000 daily and weekly newspapers—Monster has the right solution to meet your specific recruitment needs. Monster: Find Better.

## ConvergeOne

ConvergeOne will offer discounts of 25 percent, or more, on communications solutions and services.

ConvergeOne offers a comprehensive portfolio of services, including video, data and messaging from global leaders such as Cisco, Microsoft, Avaya, Unify, Oracle and others. As a leading global provider of business communications solutions and services since 1993, ConvergeOne has been a trusted advisor to more than 40 percent of the Fortune 100 companies.

Please contact Dawn Douglass at [ddouglass@convergeone.com](mailto:ddouglass@convergeone.com) or 972.546.1707 for more information or to be connected to your National Account Manager.

## Office Depot

ARTBA has partnered with Office Depot® to bring you a FREE national discount program. Save up to 80% off preferred products!

You can shop online or go to the nearest Office Depot/OfficeMax location to take advantage of these special discounted prices on products and services. All online orders are delivered next day with free shipping on orders over \$50.

## Ritchie Bros. Equipment One

ARTBA and Ritchie Bros. Equipment One have teamed up to offer the associations's members exclusive savings when using EquipmentOne's programs to sell their equipment. ARTBA members can sign up now for exclusive rates, with no risks or hassles with dedicated support.

Learn more and sign up for your free account now.

Established in 1958, Ritchie Bros. (NYSE/TSX: RBA) is the world's largest seller of used equipment and trucks. Ritchie Bros. offers a range of solutions for equipment buyers and sellers, including Ritchie Bros. EquipmentOne—a secure online marketplace for equipment, trucks and materials from the energy sector and other industries. EquipmentOne is designed for people who prefer to buy and sell equipment privately, and need a fair, easy and safe place to do it. Buyers and sellers can negotiate openly and complete transactions with confidence, knowing they're backed by EquipmentOne's secure escrow process, dispute resolution and more.

## McKee Risk Management, Inc.

For the past four years, McKee Risk Management, Inc. has partnered with ARTBA to provide transportation infrastructure contractors with innovative, competitive insurance programs. McKee Construction is the only insurance program endorsed by ARTBA. McKee works exclusively with Independent Insurance Agents to place the most appropriate property and casualty insurance coverages with "A" rated insurance carrier partners.

- Check your email for validation and to set up your password
- Head back to the Hotelogical site to shop, book and save!

## UniFirst

UniFirst is one of the North America's largest workwear and textile services companies. We rent, lease, and sell uniforms, protective clothing, custom corporate workwear, floorcare, and other facility services products to all kinds of businesses. Our careful focus on serving each customer's special needs and providing total satisfaction enables us to grow, to provide an equitable return on investment, and to create opportunities for our team partners.

## Affiliated Power Purchasers International (APPI)

Reduce and manage your energy expenses with APPI. ARTBA has partnered with APPI to provide the "Powerful Solutions Program," an exclusive member benefit that

assists members in managing and reducing their energy expenses. APPI navigates the maze in energy deregulation by negotiating favorable "real-time" pricing and contract terms and conditions with competitive energy suppliers across the country. APPI provides energy procurement services with minimal time commitment and no upfront cost. Details of APPI's Energy Procurement Process:

- Discuss member's current status, develop a procurement strategy and a plan of action;
- Retrieve, analyze, and review account information and usage data
- Formulate an electronic Request For Proposal ("RFP");
- Submit RFPs to qualified competitive energy suppliers;
- Utilize an online reverse auction platform, where applicable;
- Process responses from suppliers to the RFPs and review responses with Member;
- Process all documents and implement the Member's energy service with the new supplier;
- Provide ongoing consulting and account service to Member for the duration of the term of the agreement

## ASCIA

How much time do you and your management team spend thinking about informal caregiving?

Informal what? Informal caregiving refers to the help and support family members and friends provide daily to individuals who are either temporarily or permanently unable to function independently.

Please contact Dan Cahn at [dan.cahn@acsiapartners.com](mailto:dan.cahn@acsiapartners.com) or 425.351.2015 for more information.

If you would like to become a preferred vendor, please contact Peter Embrey at [pembrey@artba.org](mailto:pembrey@artba.org) or 202.683.1026.

# The future of road safety is already here.

## 3M™ Connected Roads

Getting everyone home safely. It's not just our hope for the future—it's a real possibility if automated vehicles (AVs) reduce or eliminate the 80-90% of auto accidents caused by human error.\* Many 3M solutions on the roadways today already contribute to improving safety, like bright and durable 3M™ All Weather Lane Markings and Optics and 3M™ Diamond Grade™ Reflective Sheeting. And we plan to continue developing road safety products that AVs and human drivers alike rely on to help guide people safely on their way.

# The Worldwide Leader in Bridge Deck Finishing Technology

[info@gomaco.com](mailto:info@gomaco.com) | [www.gomaco.com](http://www.gomaco.com)

GOMACO Corporation pioneered the development of the first cylinder finisher nearly 50 years ago when the company manufactured and introduced a bridge deck cylinder finisher to meet the growing needs for bridge markets. Today, GOMACO cylinder finishers are designed for versatility with the C-450 and C-750. The frame widths can range from 12 feet to 160 feet. They are easy to operate and save time and labor costs on all of your concrete finishing projects. Pin-connected sections provide fast setup time and the versatility to fit exact job requirements. GOMACO's patented three-point finishing system provides the smoothest deck possible with an auger to level the concrete, a cylinder consolidates and finishes the concrete, and a float pan seals and textures the surface. GOMACO finishers are available with several different options to customize them to your exact bridge deck specifications. Join the bridge builders choosing GOMACO for sales, service, and parts support.
